A pair of surgical forceps is shown in a dark, moody setting. The forceps are positioned diagonally across the frame, with the handles extending towards the bottom left and the jaws pointing towards the top right. The background is a dark, textured surface, possibly a surgical drape or a table. The lighting is dramatic, highlighting the metallic sheen of the forceps and creating deep shadows. Overlaid on the image is the text 'EXTRACTING FORCEPS' in a bold, white, sans-serif font, centered horizontally and vertically.

The background of the slide features a pair of dental forceps and a dental mirror. The forceps are positioned horizontally across the middle, with their handles extending towards the right. The dental mirror is located on the left side, with its circular head partially visible. The entire scene is set against a dark, textured background, possibly a dental chair or a work surface, which is dimly lit, creating a professional and clinical atmosphere.

Beauty instruments

Professional Hair cutting, barber & thinning scissors

- The unique manufacturing process ensure the necessary precision of concave inner surfaces (Hollow Ground) and convex outer surface of the scissors blades. The convex edged scissors blades are characterized by there exceptionally durable cutting edge. All metal masters scissors can be fitted with tension adjustment screw to ensure the ease of use which will cause minimum hand fatigue.

Top 4 Categories of SURGIPROVE Beauty instruments
